

2018-2019 Sustaining Sponsor Program

Our Vision is simple “*A sustainable built environment in Manitoba*” and over the last 14 years we have accomplished much but a lot more needs to be done. We are a growing member engaged organization with an outreach to over 1,000 local contacts. We regularly partner with other organizations to increase our reach even further. Our programs are designed to have the maximum impact to the sustainable building market and are regularly fully subscribed.

Our sponsorship packages ensure your company is able to leverage the numerous opportunities to gain the recognition and value that reflects your support. ***Our membership reflects your market!***

With your sponsorship, we;

- deliver our sponsors brand to the sustainable building market,
- deliver your message to key decisions makers,
- provide relationship-building opportunities.

With your support, we;

- offer seminars, courses and workshops to our members,
- hold networking events
- conduct outreach and advocacy to advance the sustainable building agenda.

Thank you for considering becoming a Sustaining Sponsor - together we can continue to make mutual progress towards these important goals.

Laura Tyler
Executive Director
